SAFE HARBOR – PANIC BUTTON (OVERVIEW)

Safe Harbor is a notification, reporting, locating, and safety system.

This system provides the Division of Family and Children Services caseworkers with:

- Ability to Immediately notify Centralized Intake Call Center (CICC) and those on their contact list if there is an emergency situation.
- Capability to silently send alerts without escalating a potentially violent situation.

SAFE HARBOR – PANIC BUTTON (PANIC BUTTON INFO.)

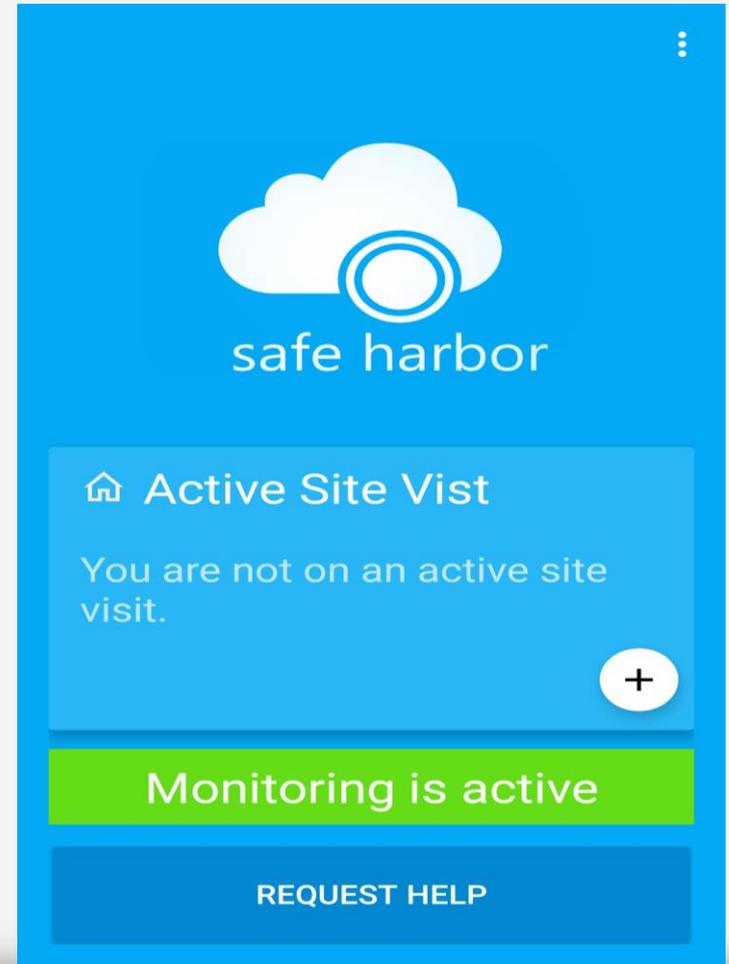

- **Size:** 1.3 inches (32 mm) diameter, 0.4 inches (10 mm) thickness
- **Weight:** 0.3 ounces or 8 grams
