

What is Health Check?

Health Check provides access to a broad range of primary and preventive health services for all Medicaid eligible children from birth to 21 years and all PeachCare eligible children from birth to 19 years.

Who is the Well Child Team?

The Well Child Team is comprised of skilled, experienced, registered nurses who can assist private and public Medicaid providers across the state with **Health Check** services.

The team offers technical assistance on:

- ❖ Improving your **Health Check** services.
- ❖ Complying with Medicaid and PeachCare requirements.
- ❖ Serving as a linkage between your patients and the programs available to them through Public Health

The team provides access to **Health Check** materials:

- ❖ **Health Check** assessment forms and training on how to use them.
- ❖ Anticipatory guidance tools and materials
- ❖ Health check policy, procedure and billing manuals.

The team provides site visits for:

- ❖ Child health quality assurance program reviews.
- ❖ Lunch and Learn” sessions to answer questions about **Health Check** services, record reviews, anticipatory guidance, Medicaid periodicity schedule, and reasons for claim denials.

Health Check services are preventative and include the following:

- ✓ Comprehensive health and developmental history
- ✓ Vision and hearing screening
- ✓ Appropriate immunizations
- ✓ Nutritional assessment
- ✓ Anticipatory guidance
- ✓ Comprehensive physical examination
- ✓ Blood pressure checks
- ✓ TB risk assessments and skin tests
- ✓ Lead risk assessments and screening
- ✓ Dental referrals

Let the **Health Check**
Well Child Team

help you provide the
best health services for
all of Georgia's children!
